

E-waste Infrastructure Grants

Round two of Sustainability Victoria's E-waste Infrastructure Grants is now open for applications.

There is up to \$2 million available to improve the capability and capacity of the industry to reprocess e-waste and further fund facilities that ensure the safe collection and storage of e-waste across the state.

Available streams of funding include:

1. [E-waste Reprocessing Grant](#)

Grants of up to \$500,000 are available for industry and local government to invest in infrastructure projects that improve the capability and capacity of the resource recovery industry to reprocess e-waste.

2. [E-waste Collection and Storage Grant](#)

Grants of up to \$100,000 are available for industry and local government to ensure collection and storage of e-waste is conducted to a high standard.

For more information on eligibility and how to apply, please [visit our E-waste Infrastructure Grants page](#).
